

## USCGAUX 1NR RED CROSS BLOOD DRIVE NUMBER 2

The United States Coast Guard Auxiliary District 1NR is sponsoring this drive for all members, their families and friends to help save lives. The need for blood is constant, and now is a great time to sign up and donate at a location near you. The drive runs from April 9 until May 28, 2017. The sponsor code is USCGAUX1NR.

One blood donation can help save up to three lives. That means a lot to patients in need, but it took on a new meaning recently. Without volunteer blood donors, our story might have had a different ending. Help INR reach its goal and ensure that patients receive the life-saving blood they need. Make and keep an appointment to give blood to the American Red Cross. Encourage friends and family to participate too.

After your donation, please email Mathias J. Mulvey, USCGAUX 1NR Division 12 Commander, at [info@mulvey.cc](mailto:info@mulvey.cc) of your donation for District 1NR recording purposes.

This is our second Red Cross Blood Drive. We met our quota on the first blood drive and many thanks from your Bridge to all that participated in this life-saving event.

Commodore Philip Kubat thanks you in advance for your participation in this worthy endeavor.
